MANAGEMENT SECTION

Purpose
The Management Section directs the County of Kings Emergency Management Organization (EMO), coordinates the actions of the Emergency Operations Center (EOC) staff, establishes operational priorities, ensures development and implementation of strategies to meet the needs of the emergency, works with Elected Officials on issues related to emergency response and recovery, communicates with the media, coordinates response with outside agencies including federal and state resources, and ensures the safety of the responders. The Management Section staff must evaluate the potential economic, social and environmental impacts of the disaster on its citizens, while managing the response to the conditions within the County. Additionally, the Management Section must consider whether an emergency in a neighboring county could impact Kings County, or draw upon resources normally available to the County and/or its local jurisdictions.

EOC Management Section Organization

When fully staffed, the Management Section may include the positions shown in the organizational chart above. If staffing is not available for each position, the duties assigned to the unfilled position are the responsibility of the Director of Emergency Services.

Objectives
The overall objective of emergency management is to ensure the effective management of response forces and resources in preparing for and responding to situations associated with disasters. To carry out its responsibilities, the Management Section will accomplish the following objectives during a disaster/emergency:

- Overall management and coordination of emergency response and recovery operations.
- Coordinate and liaise with appropriate federal, state and other local government agencies, as well as applicable segments of private sector entities and volunteer agencies.
- Establish priorities and resolve any conflicting demands for support.
- Prepare and disseminate emergency public information to inform, alert and warn the public.
- Disseminate damage information and other essential data.

PLANNING SECTION

Purpose
The Planning Section is responsible for directing and managing the creation of a comprehensive situation status report, development of EOC Action Plans (APs) for each operational period, and maintenance of all documentation related to the emergency. The Planning Section staff must evaluate the potential economic, social and environmental impacts of the disaster, while managing response to the conditions within the County. Additionally, the Planning Section staff must consider whether an emergency in a neighboring jurisdiction could impact Kings County or draw upon resources normally available to the county.

EOC Planning Section Organization

The Planning Section Chief identifies whether full or partial staff is required to respond. When fully activated the section may include the positions shown in the organizational chart above. The duties assigned to the unfilled position are the responsibility of the Planning Section Chief.

Objectives
The Planning Section will accomplish the following specific objectives during a disaster/emergency:

- Collect initial situation and damage assessment information.
- Display situation status information in the EOC using maps and visual aids.
- Conduct mapping and documentation operations.
- Disseminate summary situation status and damage assessment reports to other EOC sections, City EOCs, county departments and the Inland REOC.
- Determine the County’s post-event condition and prepare a post-disaster recovery plan.
- Provide planning support to other sections.
• Ensure accurate recording and documentation of the incident.
• Prepare the County's EOC AP.
• Maintain proper and accurate documentation of all actions taken to ensure that all required records are preserved for future use and Cal OES and FEMA filing requirements.
• Acquire technical experts for special interest topics or special technical knowledge subjects.

The Logistics Section's primary responsibility is to ensure the acquisition, transportation, and mobilization of resources are available to support the response effort at the disaster sites, public shelters, EOCs, etc. This Section provides all necessary personnel, supplies and equipment procurement support. Methods for obtaining and using facilities, equipment, supplies, services and other resources to support emergency response at all operational sites during emergency conditions, will be the same as those used during normal operations unless authorized by the Director of Emergency Services. The difference is the coordination will be from the EOC.

EOC Logistics Section Organization
When fully activated the section may include the positions shown in the organizational chart above. If staffing is not available for each position, the duties assigned to the unfilled position are the responsibility of the Logistics Section Chief.

Objectives
The Logistics Section ensures that all other sections are supported for the duration of the incident. Any personnel, equipment, supplies or services required by the other sections, except mutual aid resources requested through law enforcement and fire mutual aid channels, will be ordered through the Logistics Section.

The Logistics Section will accomplish the following specific objectives during a disaster:

- Collect information from other sections to determine needs and prepare for expected operations.
- Coordinate provision of logistical support with the EOC Director.
- Prepare required reports identifying the activities performed by the Logistics Section.

November 2015 Final
- Determine the County's logistical support needs and plan for both immediate and long-term requirements.
- Maintain proper and accurate documentation of all actions taken and all items procured to ensure that all required records are preserved for future use for Cal OES and FEMA filing requirements.
